Oxford Blue

EST 1968

It is with great pleasure that we present to you the latest collection from Oxford Blue. Having been in business for over 50 years, we are proud to offer you a range of high-quality, quintessentially British garments made in our own factories in the heart of England.

We were established in 1968, and since then Oxford Blue has blossomed into one of Europe's leading leisure brands, keeping people warm and dry outdoors all around the world.

A family-run business, Oxford Blue designs and manufactures a range of outerwear, shirts, headwear and accessories for both men and women, using only the best fabrics and lining materials. The finished products are assembled using age-old craftsmanship along with the utmost care and attention.

We are proud to say that we have an exceptional network of long-established UK suppliers which help us to keep offering leading country styling and fashion products.

Oxford Blue is not only a well-established retailer but also a seasoned manufacturer, supplying many high street blue chip companies worldwide with our private label production. Our minimums are low compared to other factories due to our self-sufficiency and ability to adapt to customer requirements and market trends.

Experience the countryside in a whole new way with Oxford Blue.
